Homestay Accommodation

Our international Student Homestay Coordinator organises homestay accommodation for all International students. The Homestay Coordinator visits and interviews homestay families in their homes to arrange the best match of family and student.

Most students enjoy and benefit greatly from the homestay experience. With support from the school and homestay parents, the international students soon become used to the different customs, climate, food and language as well as the different education system. All of our homestay parents are very friendly and enjoy having students from other countries live with them. Homestay accommodation provides an opportunity for international students to integrate more easily into the local community and to develop life-long friendships with their Australian host family.
