

*Celebrating the successes of Cleveland District State High School's graduates*

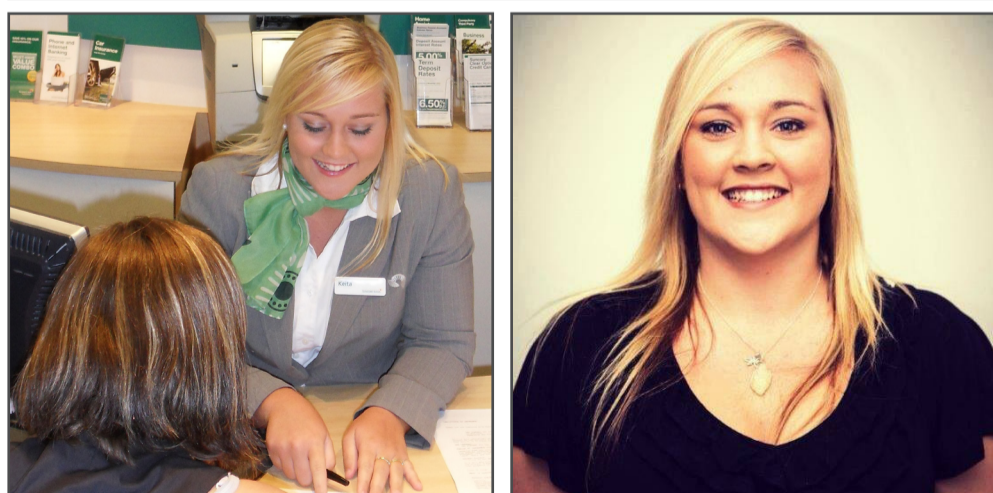

## **Keita Johns** *Banking Management*

2007 graduate Keita Johns was heavily involved in music and drama throughout her years at CDSHS and this experience helped her to build confidence and develop communication skills. She was also passionate about maths and numbers so moving into a career in banking was the natural choice.

Keita applied to work at Suncorp Bank as soon as she graduated high school and was offered a position as a Sales and Service Assistant. After two promotions and completing a Certificate III in Business Administration, she was awarded Best Lender in her region.

This was followed by a third promotion into her most challenging role - Lending Manager. After working incredibly hard, Keita was awarded National Home Lender of the Year 2012/2013 title by the CEO of Suncorp Bank. She has recently been promoted to a position as a Mobile Lender, a relationship management position, and looks forward to many future successes in this role.

**CELEBRATING SUCCESS**  
*across school and community*
