

Celebrating the successes of Cleveland District State High School's graduates

Sara Saldez

Youth Work

Sara Saldez graduated Cleveland High was a keen participant in the CDSHS Music Program, and upon graduation in 2000 became the first person in her family to attend university. She enrolled in a Bachelor of Education (Primary) with a Music Specialisation.

After finishing university she moved to Sydney, where she worked with not-for-profit organisation Youth Off The Streets. Working with disengaged youth inspired Sara to launch her own business that specialises in working with adults who work with youth to create collaborative working environments by having the right conversations amongst themselves and with the youth they work with. Sara has also travelled to the Dominican Republic to work with youth in refugee camps who are unable to attend school, and assist local teachers to develop their teaching skills.

Sara has also continued her love of music and songwriting by teaching songwriting skills at a youth centre and songwriting for a company in Nashville, Tennessee.

CELEBRATING SUCCESS
across school and community
